"We Support Those Who Serve"

On behalf of the Province of Nova Scotia I would like to thank our Nova Scotia military personnel and their families for the enormous contributions and sacrifices they have made and continue to make for our great country.

Nova Scotia has always had a strong tradition of supporting Canada's military. This year the Navy is celebrating the 250th anniversary of the founding of Her Majesty's Canadian (HMC) Dockyard in Halifax. Since 1759 the Halifax Dockyard has helped to provide a strong naval presence in Halifax harbour, forging a strong bond between Nova Scotia and the Navy that has lasted for 250 years. This is a relationship we value and want to build upon in the future.

The Province of Nova Scotia is proud of the women and men that serve and have served in the Forces. For this reason I want to extend our heartfelt appreciation for the contributions that they make abroad and at home with their families, in communities throughout Nova Scotia.

Project Chairman's Message

Comrades, this Veteran's Service Recognition Booklet is the 6th edition in a series of publications in which we celebrate and honour the lives and accomplishments of the Veterans of Nova Scotia and Nunavut.

In this edition I have included tribute biographies of the two Nova Scotia Veterans we have lost in Afghanistan since the Fall of 2009. I hope and pray that we have none to add to next year's book.

As I mentioned in last year's message, we would like to feature in this edition the lives and careers of all Veterans who have honourably served in the Canadian Forces (retired) up to and including present day. Unfortunately, we did not receive very many submissions for this category. We hope to include more next year.

I would like to again thank all the Branches who continue to take the time and effort to research and submit the photographs and biographies included in this 6th edition in memory of our Veterans and their Comrades.

I would also like to thank Fenety Marketing for their continuing assistance in the production of these books and together with NS/NU Command we look forward to issuing our 7th edition in the Fall of 2011.

In Comradeship,

Steve Wessel
Project Chairman

Soldier to Soldier

THE SALVATION ARMY

The uniform insignia and the battle equipment may have been different, yet the reason for being there was the same. One soldier fought and sacrificed life and limb so that peace may be protected and regained, the other soldier stood to bring a coffee, a writing pad, the essentials of hope and peace in the chaos of war. One soldier went to the front to face the worst of the worst, the other came as close as possible to serve those who served their country. With great admiration for those who fell, and for those who came back, The Salvation Army salutes and gives thanks for freedom gained at such a price. As an international movement The Salvation Army is honoured to serve "Soldier To Soldier". SalvationArmy.ca

Harold Andrew Furlong

He served as a trooper with the "A"Company of the North Nova Highlanders

He was an antitank gunner who landed with the Highlanders on June 6th 1944.

He saw action from that day until he was seriously wounded outside of Caen on July 17th.

Sent to England to recuperate, he was then transferred to Scotland to await transport home.

In Inverness Scotland he met and married Marjory Chisholm.

Back in Canada they settled in Cumberland County and raised 8 children.

Veterans are such a valuable part of an age-friendly community;

Whether they are helping us celebrate our successes, marking important days, or reminding us Lest We Forget, our veterans are always there, standing proud for the rights and freedoms they have secured for future generations.

At the Department of Seniors we often hear about veterans who are volunteering, whether by lending a hand to a neighbour or by bringing together people of all ages for projects that benefit community members of all ages.
